

BRYCE TECH

Orbital and Suborbital Launch Sites of the World

Houston Spaceport
Commercial suborbital site, at

3. Campbeltown Spaceport
Former Machrihanish Airbase

7. SaxaVord Spaceport
Northernmost spaceport

Esrange
Sounding rocket site and
future orbital site

Spaceport Sweden

Baikonur Cosmodrome

Origin of the Sputnik and Yuri Gagarin missions, Russia's primary launch site

Vostochny Cosmodrome

Russia's newest launch site

Reentry site for
Dream Chaser

Spaceport Camden
Georgia's new launch site

Cecil Air and Spaceport
Commercial suborbital
site, at airport

Azores
Proposed Portuguese site

Palmachim Airbase
Government launch site

Missile test site

Tilifa Satellite Launch Centre
Missile test site

Ningbo (Xiangshan)
Planned commercial
spaceport

McGregor Site
Exclusive use
SpaceX test site

Cape Canaveral Space Force Station
Highest number of commercial
orbital launches from U.S.

Shiloh Spaceport
Proposed launch site north of
Cape Canaveral

Canary Islands
Proposed Spanish site

Jabal Hamzah Facility
Missile testing site

Xichang
China's p

Jiu Peng Air Base
Missile test site

Orbital and Suborbital

Launch Sites of the World

Starbase
Exclusive use SpaceX
launch site in Boca Chica

Cape Canaveral Spaceport
Space Force Launch & Landing Facility

Fly Spaceport
Florida's new spaceport

Guiana Space Centre
Europe's orbital launch site

Alcántara Launch Centre
Proposed equatorial launch

Esrange Information Launch
Sounding rocket and launch tracking centre

Sonmiani Satellite
Launch Centre
Government multi-use
launch site

Imbabura State Rocket
Launch Station
Sounding rocket site

Ettaq Space Launch Complex
Launch site under development
in Oman

Satish Dhawan Space Centre
India's only orbital launch site, a low-cost,
popular option for smallsat operators

Imam Khomeini Space Center
Government multi-use launch site

Integrated Test Range
Launch Complex IV
Sounding rocket site

Stasiun Peluncuran Roket
Sounding rocket site

Koonibba Test Range
Australia's newest
active orbital site

Woomera
Coastal
Missile

Orbital and Suborbital Launch Sites of the World

Colorado Air and Space Port
Commercial suborbital site, at airport, inland, no launches to date, near Denver

Oklahoma Air and Space Port
Commercial suborbital site, at airport, inland, no launches to date

UK Spaceports - In Development and Proposed

1. Spaceport Cornwall Spaceport co-located at active airport	5. Spaceport-1 Suborbital site in Scolpaig, N. Uist
2. Snowdonia Spaceport Formerly active airport	6. Sutherland Spaceport Orbex-managed launch site
3. Campbeltown Spaceport Former Machrihanish Airbase	7. SaxaVord Spaceport Northernmost spaceport
4. Prestwick Spaceport Spaceport co-located at airport	

Plesetsk Cosmodrome
Russia's primary launch site for missions to polar orbits

Dombarovsky Air Base (Yasny)
Military base and launch site of the Dnepr vehicle, once a smallsat favorite

Poker Flat Research Range
University-run sounding rocket site

Houston Spaceport
Commercial suborbital site, at airport, near NASA Johnson Space Center

Spaceport Nova Scotia
Proposed orbital launch site, Canada's first

Iceland
Proposed launch site (TBD)

Esrange
Sounding rocket site and future orbital site

Baikonur Cosmodrome
Origin of the Sputnik and Yuri Gagarin missions, Russia's primary launch site

Vostochny Cosmodrome
Russia's newest launch site

Jiuquan Satellite Launch Centre
China's primary launch site for national security and human spaceflight missions

Pacific Spaceport Complex - Alaska
Northernmost U.S. orbital launch site

Michigan Spaceport
Proposed commercial suborbital site

Wallops Flight Facility
Mid-Atlantic launch site supporting sounding rocket campaigns

Andoya Space Centre
Sounding rocket and orbital launch site

Kapustin Yar
Government multi-use launch site

Sary Shagan Missile Range
Missile test site

Tonghae Satellite Launching Ground
Missile test site

Ryori Site
Sounding rocket site

Launch Site One
Exclusive use Blue Origin launch site

Huntsville International Air and Space Port
Reentry site for Dream Chaser

Mid-Atlantic Regional Spaceport
Smallsat and ISS cargo launch site co-located with WFF

El Arenosillo
Suborbital launch site and planned orbital site

Palmachim Airbase
Government launch site

Korla Missile Test Complex
Missile test site

Taiji Aerospace Research Field
Sounding rocket site

Taiyuan Satellite Launch Centre
China's primary launch site for polar missions

Nevada Test and Training Range
Missile test site

Maine SpacePort Complex
Proposed orbital launch site

Cecil Air and Spaceport
Commercial suborbital site, at airport

Azores
Proposed Portuguese site

Canary Islands
Proposed Spanish site

Tilla Satellite Launch Centre
Missile test site

Ningbo (Xiangshan)
Planned commercial spaceport

Anheung Missile Range
Missile test site

Vandenberg Space Force Base
Second most active U.S. launch site, mainly to support polar missions

Spaceport Camden
Georgia's new launch site

Shiloh Spaceport
Proposed launch site north of Cape Canaveral

Jabal Hamzah Facility
Missile testing site

Sonmiani Satellite Launch Centre
Government multi-use launch site

Thumba Equatorial Rocket Launching Station
Sounding rocket site

Xichang Satellite Launch Centre
China's primary launch site for GEO missions

Uchinoura Space Centre
Japan's primary launch site for small launch vehicles

Vandenberg Spaceport
SLC-6 complex

McGregor Site
Exclusive use SpaceX launch site

Cape Canaveral Space Force Station
Highest number of commercial orbital launches from U.S.

Palmachim Airbase
Government launch site

Thumra Equatorial Rocket Launching Station
Sounding rocket site

Etiqa Space Launch Complex
Launch site under development in Oman

Jiu Peng Air Base
Missile test site

Wenchang Satellite Launch Centre
China's newest launch site

Mojave Air and Space Port
Commercial launch site, at airport, inland, first airborne orbital launch in 2021

Starbase
Exclusive use SpaceX launch site in Boca Chica

Kennedy Space Center
Main site for U.S. human spaceflight missions

Alcántara Launch Centre
Proposed equatorial launch

Kulasekarapatnam
Proposed non-commercial orbital launch site

Satish Dhawan Space Centre
India's only orbital launch site, a low-cost, popular option for smallsat operators

Morotai Island
Proposed orbital launch site

Ronald Reagan Ballistic Missile Defense Test Site
U.S. Army missile test site

Spaceport America
Commercial suborbital site, inland, 10+ suborbital launches to date

Guiana Space Centre
Europe's orbital launch site

Cape Canaveral Spaceport
Space Florida LC-46 and Launch & Landing Facility

Barreira do Inferno Launch Centre
Sounding rocket and launch tracking centre

Imam Khomeini Space Center
Government multi-use launch site

Integrated Test Range Launch Complex IV
Sounding rocket site

Biak Island
Proposed orbital launch site

Tanegashima Space Centre
Japan's busiest orbital launch site

Pacific Missile Range Facility
U.S. Navy missile test site

Fly Space Coast
Florida's newest spaceport

Shiloh Spaceport
Proposed launch site north of Cape Canaveral

Djibouti Spaceport
In partnership with China

Oom Space Centre
Government multi-use launch site

Stasiun Peluncuran Roket
Sounding rocket site

Bowen Region
Proposed orbital launch site on Australia's east coast

White Sands Missile Range
U.S. Army missile test site

Midland International Air and Space Port
Texas's first suborbital commercial launch site

Peru Spaceport
Proposed site in Peru, location to be determined, in partnership with national space agency CONIDA

Guiana Space Centre
Europe's orbital launch site

Barreira do Inferno Launch Centre
Sounding rocket and launch tracking centre

Imam Khomeini Space Center
Government multi-use launch site

Integrated Test Range Launch Complex IV
Sounding rocket site

Biak Island
Proposed orbital launch site

Tanegashima Space Centre
Japan's busiest orbital launch site

Midland International Air and Space Port
Texas's first suborbital commercial launch site

Peru Spaceport
Proposed site in Peru, location to be determined, in partnership with national space agency CONIDA

Guiana Space Centre
Europe's orbital launch site

Barreira do Inferno Launch Centre
Sounding rocket and launch tracking centre

Imam Khomeini Space Center
Government multi-use launch site

Integrated Test Range Launch Complex IV
Sounding rocket site

Biak Island
Proposed orbital launch site

Tanegashima Space Centre
Japan's busiest orbital launch site

Midland International Air and Space Port
Texas's first suborbital commercial launch site

Peru Spaceport
Proposed site in Peru, location to be determined, in partnership with national space agency CONIDA

Guiana Space Centre
Europe's orbital launch site

Barreira do Inferno Launch Centre
Sounding rocket and launch tracking centre

Imam Khomeini Space Center
Government multi-use launch site

Integrated Test Range Launch Complex IV
Sounding rocket site

Biak Island
Proposed orbital launch site

Tanegashima Space Centre
Japan's busiest orbital launch site

Midland International Air and Space Port
Texas's first suborbital commercial launch site

Peru Spaceport
Proposed site in Peru, location to be determined, in partnership with national space agency CONIDA

Guiana Space Centre
Europe's orbital launch site

Barreira do Inferno Launch Centre
Sounding rocket and launch tracking centre

Imam Khomeini Space Center
Government multi-use launch site

Integrated Test Range Launch Complex IV
Sounding rocket site

Biak Island
Proposed orbital launch site

Tanegashima Space Centre
Japan's busiest orbital launch site

Midland International Air and Space Port
Texas's first suborbital commercial launch site

Peru Spaceport
Proposed site in Peru, location to be determined, in partnership with national space agency CONIDA

Guiana Space Centre
Europe's orbital launch site

Barreira do Inferno Launch Centre
Sounding rocket and launch tracking centre

Imam Khomeini Space Center
Government multi-use launch site

Integrated Test Range Launch Complex IV
Sounding rocket site

Biak Island
Proposed orbital launch site

Tanegashima Space Centre
Japan's busiest orbital launch site

Midland International Air and Space Port
Texas's first suborbital commercial launch site

Peru Spaceport
Proposed site in Peru, location to be determined, in partnership with national space agency CONIDA

Guiana Space Centre
Europe's orbital launch site

Barreira do Inferno Launch Centre
Sounding rocket and launch tracking centre

Imam Khomeini Space Center
Government multi-use launch site

Integrated Test Range Launch Complex IV
Sounding rocket site

Biak Island
Proposed orbital launch site

Tanegashima Space Centre
Japan's busiest orbital launch site

Midland International Air and Space Port
Texas's first suborbital commercial launch site

Peru Spaceport
Proposed site in Peru, location to be determined, in partnership with national space agency CONIDA

Guiana Space Centre
Europe's orbital launch site

Barreira do Inferno Launch Centre
Sounding rocket and launch tracking centre

Imam Khomeini Space Center
Government multi-use launch site

Integrated Test Range Launch Complex IV
Sounding rocket site

Biak Island
Proposed orbital launch site

Tanegashima Space Centre
Japan's busiest orbital launch site

Midland International Air and Space Port
Texas's first suborbital commercial launch site

Peru Spaceport
Proposed site in Peru, location to be determined, in partnership with national space agency CONIDA

Guiana Space Centre
Europe's orbital launch site

Barreira do Inferno Launch Centre
Sounding rocket and launch tracking centre

Imam Khomeini Space Center
Government multi-use launch site

Integrated Test Range Launch Complex IV
Sounding rocket site

Biak Island
Proposed orbital launch site

Tanegashima Space Centre
Japan's busiest orbital launch site

Midland International Air and Space Port
Texas's first suborbital commercial launch site

Peru Spaceport
Proposed site in Peru, location to be determined, in partnership with national space agency CONIDA

Guiana Space Centre
Europe's orbital launch site

Barreira do Inferno Launch Centre
Sounding rocket and launch tracking centre

Imam Khomeini Space Center
Government multi-use launch site

Integrated Test Range Launch Complex IV
Sounding rocket site

Biak Island
Proposed orbital launch site

Tanegashima Space Centre
Japan's busiest orbital launch site

LEGEND

- Supports orbital launches
- Supports suborbital launches
- Ballistic missile testing
- Proposed sites

Criteria for inclusion is active support of orbital/suborbital launches; if proposed, regulatory recognition, adequate investment/financing, and construction/launch contracts signed
