

186 Total Orbital Launches

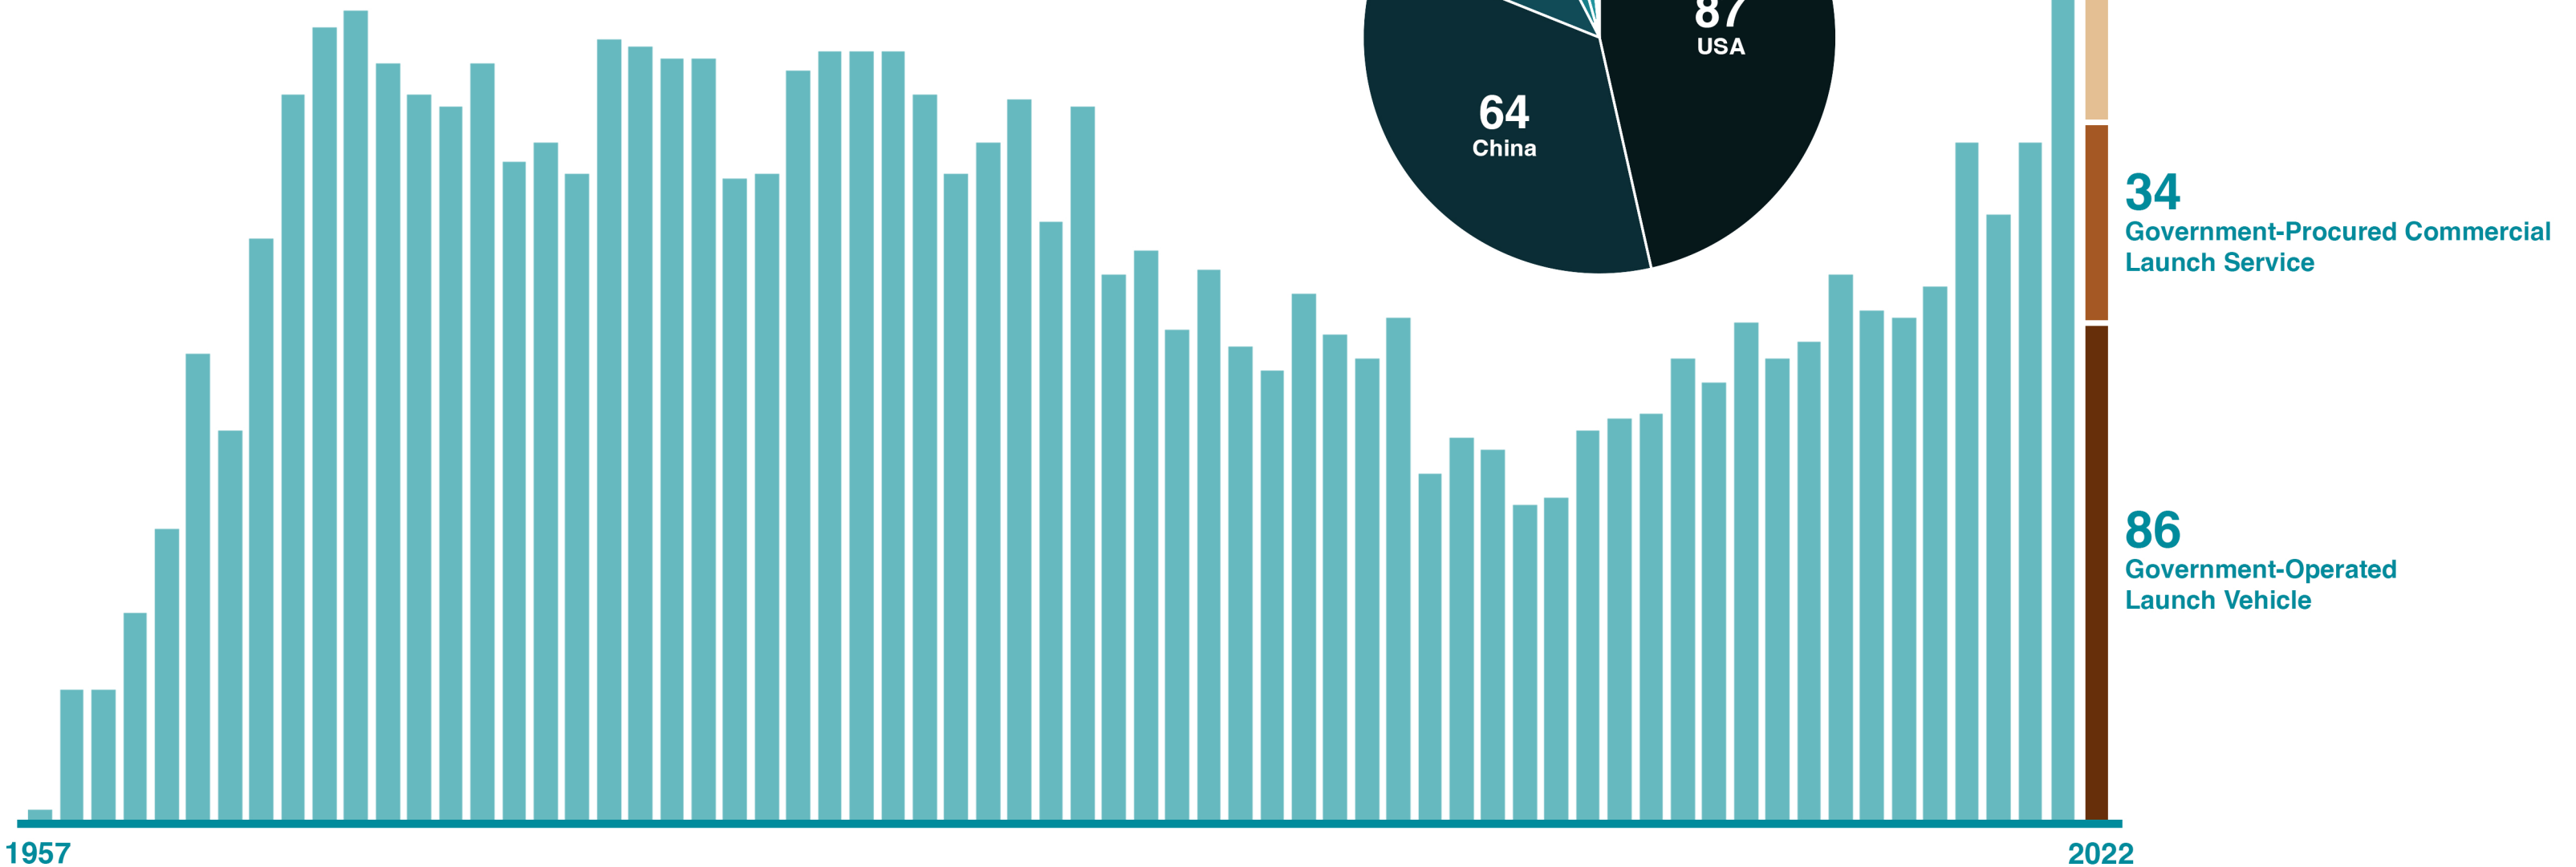

2022 Orbital Launches Year in Review

2022 Launch Year in Review

186 Total Orbital Launches
2,521 Total Spacecraft

Commercial Spacecraft/Launch Vehicle: Primary spacecraft and launch vehicle are commercially owned/operated (including non-governmental organizations)
Government-Procured Commercial Launch Service: Owner/operator of primary spacecraft is a government entity; government has procured launch from a commercial launch service provider
Government-Operated Launch Vehicle: Government owned/operated launch vehicle

BryceTech has updated its definitions for the 2021 Year in Review to reflect changing industry dynamics.
Counts include unsuccessful launches. Launches are attributed to home country of launch provider, not launch site.
